It was a gift for my daughter...

She loves it! The only positive thing about this pandemic is that she's home waaay more often (practically always) than she normally would be, and I get to enjoy the aroma of Balance when she walks by, or does yoga in the living room ;)

Trudie - United Kingdom

Fabulous! Love this oil. It really helps to keep me balanced emotionally and hormonally. Would highly recommend. Thank you.

Veronique L. - Portugal

Excellent aromatherapy products

I absolutely love all yogandha products; tried all of them and used them depending on my moods and needs. You can feel that those products are made with love. Yogandha oils make as well a fabulous gift.

Salute roll-on

Philippa B. - United Kingdom

Lovely product and customer service

I was gifted a rollerball and loved it so much decided to treat myself to couple more. I love the smell. I was worried about package not arriving and customer service replied promptly to reassure me/provide ETA, which was great. Recommend for gift or special TLC self care.

Cansu U. - Netherlands

Uplifting little oil blend

I find the smell of Salute quite uplifting and light and I like putting it on during the day when I'm working to stop and get a whiff of the bergamot and rosemary.

Remi C. - United Kingdom

Uplifting every time

I personally don't like eating grapefruit and don't know much about bergamont but was curious about the combination and trusted Sinead's experience with essential oils. I am surprised at how I feel each time I smell the top of the bottle. This is one product I leave in view on my side table, and definitely take it on my trips (when able to during these times of course)

Jacinto - Portugal

Love the scent and positive energy that comes with it!

Fantastic daily oil - I rub it in my pulses in the morning, after shower, and off I go - I love the scent. My daughter also loves it and wears it frequently - it is a great way to start our day with positive energy!

Kristi H. - Netherlands

Love Yogandha Salute

Hi! I am so happy with my Yogandha Salute roller perfume. On me, it has a lovely warm scent, kind of earthy and a bit of floral. Sinead's video response to my order was a wonderful personal and memorable touch! I live in the US and found out about the perfume from my niece who lives in Sweden. She frequent's Italy and Germany and said she bought it in Europe, (I don't remember which country specifically). I loved the scent so much I searched online and bought one for myself. I'll be back to try your others soon! Thank you!

Natalie B. - United Kingdom

Beautiful aromatherapy roll-on

The scent is gorgeous and so perfect for a pick me up or pre-yoga. I carry it in my handbag and don't go a day without it. The brand is new to me and this felt like an investment compared to cheaper brands on the market but the quality is better by far, the scent lasts hours and the feel of the product is really expensive. I'll definitely be buying more.

Ground roll-on

Hilary J. - United Kingdom

I bought it for migraines and I do think it has helped. I put it on my temples and wrists and inhale deeply and my migraine seems to ease off so I would buy again thank you very much.

Lorraine Ó. - Ireland

Part of my daily routine

I first discovered these oils 5 years ago and always have one with me. I like Ground for part of my meditation ritual it is an earthy scent that takes me back to myself.

Dai - Italy

Lovely, original fragrance

I love the subtle masculinity of this fragrance. I bought this for a friend and he said, of wearing it, "I feel like a gypsy scented in the finest from the Silk Road somewhere in deepest Karakorum come to sell my wares." Lol. Spot on.

Erika - Italy

Very satisfied

I'm using this beautiful Roll on every day (sometimes more than 1x) and I can tell you that I found myself very well. I have it always in my bag and I use it when I feel need. I love the perfume of the mixed essentials oils inside. Is so grounding and very relaxing and during a lot on my wrist. I will buy again ❤️

Luxuriously therapeutic

I love the Relax oil,after a bath/shower before bed,I apply it and it instantly makes me feel so good.It feels luxurious because the scent is so rich and natural.

Lucy M. - United Kingdom

Best relaxation oil ever

This is my favourite oil from my favourite company ever I keep coming back to buy over and over in recommending it to everyone I know. Just the best. And so great it's all packaged ethically too

Patricia M. - United Kingdom

One of my absolute favorite things

I've been using Yogandha Relax as a facial oil for two years now and I honestly cannot imagine my skin routine without it. I apply two drops of it to my face after washing in the morning and before going to bed. My skin is only a little bit dry so I need very little. A small amount is enough to soothe my skin and the scent, which I breathe in deep from the palms of my hands, calms me too. This oil combined with a gentle, natural face wash is all I need to keep my skin happy.

Sinead - Ireland

Love it

Finding it really great to massage a new scar with.

Is helping to take the redness out of it and smooth the area.

Also smells great and relaxes me so much, got my physio to use it on me and my muscles went to mush !!

Detox body oil

Helen E. - United Kingdom

In need this in my life right now!

The uplifting zesty fragrance sets me up for the days every day.

Nicky B. - United Kingdom

Fabulous!

I love this product. It does exactly what it says on the tin and more. It is excellent to soothe a bite - The mozzies are making themselves welcome to our (private) sundowners and tend to land on the host! This product works! - I also use it in the late afternoon when if I am flagging a bit and need a boost - I just love the smell - It gives me the energy I need. Two other things, about the packaging..... I love the feel of the bottle - it is very sturdy. The card packaging is excellent - unique to open - a real experience, all of which adds to the anticipation of the oil itself - Genius! Thank you!

Leona M. - Belgium

Yogandha detox

I'm really enjoying this product. I like the scent, it smells fresh and clean and I've come to associate the smell with yoga and meditation so it's helping me quiet and calm my mind and focus. I like the texture, it's not too oily and absorbs nicely into the skin. Excellent product.

Lovely Products

I ordered a muscle soothe yoga oil for my wife. It arrived really quickly with a nice hand written note! Where would you get that kind of personal service?! By the way, she loved the oil - does what it says on the tin and lovely smell!

Audrey P. - Ireland

I have been using this beautiful product since Dec '19 and have found it so helpful and soothing for aches and pains, especially my knees. Apart from its soothing properties its smell genuinely makes me happy also. Delighted I got it as a present.

Mary S. -Ireland

Highly recommend this product

This is my second time to buy this product and I have bought it as a present for someone as well. It really works! It really helps aching muscles and back pain. I have put it on going to bed and gotten up with significant improvement the following morning. Although it is an expensive product it lasts a long time as you don't need to use much and there is great comfort that it is made from 100% natural ingredients and no chemicals. I would highly recommend having this product in your press, you will reach for it again and again, that's guaranteed!
